Branching Out

Hello!

I am the Director and one of the Early Childhood Educators of The A.V.C. Family Tree Children's Centre. I am a graduate of N.S.C.C., Kingstec Campus; Early Childhood Studies program.

I have operated my own in-home daycare center and worked in a variety of other daycares. I have also gained much experience by being a mother of two girls, 13 and 15.

My staff and I are very excited to offer high quality childcare services for children aged 18 months to 5 years to N.S.C.C. faculty, staff, and students and the community of Middleton and surrounding areas!

Our family looks forward to serving yours!

Sincerely,

Loretta Connell

Our Philosophy

The early childhood program at The A.V.C. Family Tree Children's Centre is designed to meet the developmental needs of the individual child. We follow a thematic curriculum that provides experiences that enrich and enhance each child's cognitive, language, social, emotional, physical, and creative development. Within the program's daily schedule, each child has opportunities to create, explore the environment, learn problem solving and personal interaction skills, and learn concepts through first-hand experiences. Children develop positive self-concept through a balance of self- and teacher-directed activities. Opportunities for solitary play as well as group activities are provided. Early Childhood Educators serve as positive role models and provide care that is supportive, nurturing, warm, and responsive to each child's individual needs.
